

# TECHNICAL DATA SHEET

## TA 10XE FG Food grade antifoam

### Description

This is a food grade silicone defoamer emulsion formulated to control foam in food systems and processes.

### Key Features

- Easy To Handle
- Excellent Foam Knockdown and persistence
- Effective in Hot and Cold Systems
- Effective in low concentrations

### Key Applications

- Vegetable Washing
- Food Processing
- Food starch and protein washes such as those found in egg and potato washing
- Beverages

### Application

Economical silicone emulsion for the food industry (kosher certified).

### Packaging Information

This product is available for sale as 40 lb. pails and 460 lb. drums. and 2200 lb. totes.

### Use and Cure Information

This product is compatible in most aqueous processing applications, however it is advisable to screen each application before use. Use product as is by adding directly into foaming system or dilute with process liquid prior to use. This product disperses in water systems with moderate amounts of mixing.

### Health & Safety

This product is manufactured in compliance with the regulations of the U.S. Food and Drug Administration as cited in 21 CFR 173.340, defoaming agents used in processing foods. Permissible use levels for polydimethylsiloxane in food are defined by this FDA regulation. This product is approved for use in Canada under the following CFIA categories: Cleaners (Cleaners/Defoamers for washing fruits and vegetables, code C3) and Egg Treatment Compounds (Foam control compound, code LL3).

### Limitations

This product is not intended for pharmaceutical use.
